Accelerated Care Plus, Inc.
ACPlus™ V2

To Drummond Group:

The Mandatory Disclosure statement of costs and limitations for our certified product is attached to this letter and will be posted along with the required product information on our website here:

<https://acplus.com/technology/acplus/>

We agree to notify Drummond Group of any and all future changes to our transparency and disclosures language for this certified product-version.

We understand and agree that the ONC Health IT Certification Program Final Rule statement gives Drummond Group, as an ONC-ACB, the sole responsibility for ensuring compliance and determining appropriate consequences if Health IT developers fail to divulge accurate transparency and disclosures information.

We understand and agree that we will provide to Drummond Group copies of or give access to any and all websites, marketing materials, communication statements, and other assertions made by our organization regarding the ONC certification status of this product in a reasonable time to ensure the transparency and disclosures information is being accurately disclosed.

ONC Disclaimer

“This Health IT Module is compliant with the ONC Certification Criteria for Health IT and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.”

Mandatory Disclosure Questionnaire

ADDITIONAL COSTS/FEEES	
What costs/fees may a user incur to implement or use the certified software?	None.
Are these costs/fees fixed, one-time, recurring, ongoing, monthly, transaction based, annual, etc.?	No additional fees apply to the certified functionality. ACPlus™ V2 certified capabilities are provided as part of the standard ACPlus subscription with no separate charge.
What additional software must be purchased that is not included in the initial purchase of this software?	None.
What kinds of services, functionality, or software are attributed to this cost?	N/A
Are there factors that impact additional types of costs, including but not limited to geographical considerations, volume and usage, costs associated with necessary interfaces or other licenses or technology, and costs associated with exchange partner technology and characteristics, among other relevant factors?	No.

CONTRACTUAL LIMITATIONS	
Does a provider have to sign a contract when purchasing your product? Does the contract impose limitations that could limit the implementation or use of certified capabilities or the data generated by these capabilities?	Provider must agree to ACP's standard Terms & Conditions. No additional limitations on certified capabilities or data generated by them.
Are there business policies or practices that may cause limitations in the implementation	No.

YOUR PATIENTS BETTER, FASTER

or use of certified capabilities?	
Is it necessary for the user to engage with a third party?	No.
If necessary to engage with a third party, to your knowledge, is there an agreement that providers must enter into with this third party?	N/A
If there are third parties involved, are there any limitations on who they choose for this service?	N/A

TECHNICAL OR PRACTICAL LIMITATIONS	
Are there any product limitations that could prevent or impair the implementation, configuration, maintenance, support or use of a certified capability?	No.
Are there any limitations of workstations or licenses where the software is deployed, volume of transactions or usage, or associated bandwidth limitations?	No.
Are there any limitations that a user may encounter regarding the exchange or portability of any data generated when using the capability?	No.
Are there limitations with non-certified capabilities that may interfere with the use or implementation of any certified capabilities?	No.
